

## **The first NYS Mesonet Annual Symposium**

*Call for abstract and registration*

We are pleased to announce the first NYS Mesonet Annual Symposium, to be held September 29th at UAlbany. This symposium will be a chance for people from academia, government, and the private sector to present on research, operational uses, or other topics relating to the NYS Mesonet. There is no cost for attending the symposium. Presentations will be given in person, and the symposium will also feature tours of the brand new ETEC building, which will house the weather entities at UAlbany beginning this fall. Pending conditions at the time, we may have a virtual option for attendees to view presentations. Key information:

Abstract Deadline: **July 16, 2021 (extended deadline)**

Registration Deadline: July 31, 2021

Symposium Date: September 29, 2021

Location: University at Albany, Albany, NY

Cost: \$0

To submit an abstract, please visit our [abstract submission page](#). Please note this automatically registers you for the Symposium.

To register without submitting an abstract, please visit our [registration page](#).
