The Third Annual New York State Mesonet Symposium

Call for abstracts and registration

We are pleased to announce the Third Annual New York State (NYS) Mesonet Symposium, to be held on 13-14 September 2023 at UAlbany's [ETEC building](#). Similar to our previous symposiums, this will be a chance for people from academia, government, and the private sector to present on research and operational applications of the NYS Mesonet data. Topics include (but are not limited to) agriculture, air quality, artificial intelligence, emergency management, energy, weather operation and forecasting. Presentations will be given in person with a zoom link for remote viewing only.

Key information:

Abstract deadline: **14 July 2023**

Registration deadline: **14 July 2023** (Automatic registration with the abstract submission)

Abstract acceptance: **14 August 2023**

Location: **1220 Washington Ave, ETEC Building First Floor, Harriman Campus, University at Albany, Albany, NY, 12226**

To submit an abstract, please visit our [Abstract Submission Page](#)

To register, please visit our [Registration Page](#) (*No registration fee*)
